

Press Release 1/11
for immediate publication

Change of the management of SCONRAIL Ltd., „Notified Body Interoperability“ NB 2237

As of 1 April 2011

Mr. Ueli Ritter, dipl.El.Ing. ETHZ

assumes the responsibility for SCONRAIL as the Chief Executive Officer CEO.

The previous CEO, Mr. Bernhard Huber, who managed the company since its foundation on 23 February 2006, will support the company in projects and for specific tasks; Bernhard will remain member of the board of directors of SCONRAIL. This arrangement allows for the continuity during the transition period and assures the access of SCONRAIL to his vast expert knowledge.

Mr. Ueli Ritter brings with him over 30 successful professional years in the railway sector; his wide experience helped him to rapidly get acquainted with the specific challenges of SCONRAIL. In the last few months Ueli contributed to the improvement of SCONRAIL's image as an efficient and pragmatic conformity and certification body.

Ueli Ritter will continue to lead the business area "Management Support & Consulting" of PROSE Ltd.; this will facilitate the continuity in this field of activities which he has developed in the past 2 years.

Ueli will be your future contact for all questions regarding TSI certification, Independent Safety Assessments or ECM certifications. You can reach him by telephone on +41 52 262 33 32 or E-mail: ueli.ritter@sconrail.ch.
